## MARKET STRONG, BUT IRREGULAR

Confident Buying of Steel Shares Continues.

## PREFERRED GAINS A POINT

Amalgamated Copper Is Freely Absorbed on Good Trade Advances and Gains 2 Per Cent.

NEW YORK, Nov. 26.—The stock market opened generally higher. Reading alone was off 1/4, although it was up 1/2 in London. Both the Steel stocks and the Car Building stocks were decidedly strong as a group, with Locomotive common up 1/2, Colorado Fuel 1/2, and Pressed Steel 1/2.

Considerable strength was shown in the market, but it was attended by considerable irregularity. The speculative impulse was by no means uniform and many of the fluctuations were obviously the result of special technical conditions.

There continued to be confident buying of Steel shares and U. S. Steel preferred made a maximum gain of 1 per cent. Republic Iron and Steel made a similar gain, and Pressed Steel Car sold up 1/2 per cent for common and over 1 per cent for the preferred.

Amalgamated Copper was freely absorbed on good trade advances and gained more than 2 per cent. The railroad list as a rule advanced only fractionally.

The local fractions were somewhat hesitating with special weakness in Metropolitan Street Railway. Government bonds were unchanged; other bonds were strong.

The market closed with a confident tone at about the best prices throughout the list.

## ACERICH IN WISCONSIN.

C. H. Richards, a citizen of Milwaukee, thinks that should Governor La Follette be elected to the United States Senate John C. Spooner will resign from that body. Mr. Richards declares that this extreme action would be a fair indication of the tremendous bitterness between the two men named and of the animosity that actuates their respective positions. "Why," he says, "I have friends whom I should not dare to ask to die together because they have become embroiled in the present political discussions of Wisconsin."
